[www.sherrillny.org](http://www.sherrillny.org)

*From The City Manager*

*Michael R. Sayles*

I hope this letter finds you all happy and healthy and enjoying this Christmas season. Fortunately, (or unfortunately) the winter weather seems to be setting in. As we wound down the year, there was a large focus on the 2017 budget. After many meetings with department heads and City officials, and a Public Hearing, we adopted a budget that does not increase City property taxes. At the same time, we will continue to get a lot of work done around the City, purchase critical equipment and renovate the DPW garage to bring it up to today's standards and improve its fit into the neighborhood.

I am sure that you have seen that the Public Works Department has been busy picking up leaves and completing a general fall cleanup. The weather of course has not been a great help but we are fighting through it. We did complete new paving and curbs on some important streets that were in desperate need of repair. Also, we installed more than 1,000 linear feet of new sidewalk and began the sidewalk extension project on Betsinger Road that is being paid for by a New York State grant that was awarded to the City. All this work was completed in a very compressed time-frame as the crews spent the first half of the year preparing for the centennial celebration. If you see them, thank them for all their hard work!

The Power & Light crew has been busy completing the new Power & Light Building on Elmwood Place. The facility looks great and is much more neighborhood-friendly in appearance. Also, thanks to the crew who did a great job decorating the City for this Christmas season. On a side note, congratulations to Trevor Onyan for completing his Line Worker Training Program with a final average of 98.8%. Trevor completed the 4-year, Northeast Public Power Association (NEPPA) administered Northwest Lineman College certificate program. In addition, Trevor completed over 6,000 on-the-job training hours with our Power & Light company and is now a NYS certified Line Worker. Congratulations Trevor. We are proud of you and your accomplishments.

In addition, last month, the City hired Daniel Slator to be our new Police Department Patrolman. Dan was a Valedictorian at Stockbridge Valley and earned Bachelor and Masters degrees at Cortland College. Most recently, Dan was a part-time patrolman here and in Cazenovia. Dan is very professional with a great attitude and is a key addition to our department. Congrats Dan!

Lastly, thanks to Michael Holmes, Tricia Rossi, Beanie Zupan, Judy Hildreth, Chief Robert Drake, Rob Mumford, Kevin Mumford, Chris Bailey, Sara Getman and Greg Talbot. Without all of you and the rest of the city crews, my job would not be as easy or as enjoyable.

Merry Christmas and a blessed holiday season. May the spirit of Christmas be with you throughout the New Year.

## Ice Skating

The skating rink will be open weather permitting. If you see the STOP sign the ice is not fit to skate on and the rink is closed. Skating with hockey sticks and puck passing, etc. can be done at times when the rink is not crowded but games are not allowed. All skating is at your own risk.

The Rotary building will generally be open 4-8pm Monday-Friday and 2-8pm Saturdays, Sundays & when school is closed.

**MARCH 1, 2017** is the deadline for filing certain property tax exemption applications with the Assessor's office. Many exemptions including the Senior Citizen's and Enhanced STAR exemptions do not automatically renew and require annual applications and proof of qualifying income.

The Senior Citizen's exemption, with far lower income limits than the Enhanced STAR exemption, is normally based on the previous year's income. For the Senior Citizen's exemption, you must provide proof of your previous year's income. Form SS 1099 and your tax returns are needed to prove your income level. Also bring in receipts for your out-of-pocket unreimbursed medical and prescription expenses which are used to reduce your income. These expenses include dental, health insurance premium payments, eyeglasses, hearing aids and others as defined by the IRS.

**To qualify for Enhanced STAR you must turn 65 during 2017 and be income eligible in 2015.** Those applying for Enhanced STAR may elect to participate in a voluntary program whereby the Assessor's office is automatically notified in future years by the State regarding income eligibility. This process is only useful for those filing New York State tax returns. Applications for the Income Verification Program are available at the Assessor's office. This process cannot be used for any other income-related exemption including the Senior Citizen's exemption.

If you purchased a residence in Sherrill **PRIOR TO MAY 1, 2014** and have **NOT** previously applied for the Basic STAR exemption, you may qualify for this significant property tax exemption designed to lower your school tax bill. The residence must be your primary residence to qualify for Basic STAR. Renewal to continue the Basic Star exemption is NOT necessary.

**\*\*IMPORTANT STAR CHANGES: For those homeowners that purchased their property after May 1, 2014 both the Basic and Enhanced STAR programs have changed. For more information visit the following links:**  
<https://www.tax.ny.gov/pit/property/star/default.htm>  
<https://www.tax.ny.gov/pit/property/star/star-program-changes.htm>

Bob Comis, City Assessor, has set the following dates and times to process exemptions at City Hall by the March 1 deadline: January 10 & 11 9am-12pm for Enhanced STAR; All exemptions, February 1 & 2, 7-9, 14-16 & 22-24 & 28, 9am-12pm; changes to this schedule, if necessary, will be posted at [www.sherrillny.org](http://www.sherrillny.org). An appointment, if more convenient, can be scheduled by contacting Bob at 264-6362. Sherrill residents can receive some of the same services that they receive from the Sherrill Assessor's Office at the Vernon Assessor's office, including assistance relating to exemption applications. The Vernon Assessor's hours are Monday & Thursday, 9am-2pm through the month of February. Call Frank Laguzza at 829-2587.

**Garbage or Treasure Stat:** Sherrill generates an average of 101.04 tons of refuse per month.

*\*Please note-* The following are some common violations that are still occurring:

- Garbage can & contents combined total weight over 40 lbs. Please cover garbage and recyclable cans. Rainwater & snow significantly increase the weight to unsafe, handling limits for the sanitation crew.

- Recyclables not loose, but stuffed in plastic bags. Please do not bag recyclables.

- Bulk or hazardous items that could potentially damage truck packer or result in DEC fines.

**Winter Reminder-** Please do not place garbage cans or recyclables in the sidewalk because it interferes with sidewalk clearing. Please place containers at the edge of your driveway between the sidewalk and road.

**Christmas Trees-** The DPW will pick up trees after the holidays as weather permits or they can be dropped off anytime, at no charge at the green waste location at the DPW barn.

**Transfer Station Updates-** The Transfer Station is open Saturdays, 8am-1pm until spring. Due to the holidays, the Transfer Station will be closed 12/24/16 & 12/31/16. Please visit [www.sherrillny.org/departments/public-works/](http://www.sherrillny.org/departments/public-works/) or contact City Hall for more information.

**Wood Ashes-** At the end of Fairway Lane, there is a designated area for dropping off properly extinguished, wood ashes.

## The Greenhouse Brew

In early 2017 Sherrill will have its very own coffee house! Owners Patrick and Ann Fowler are focused on creating a place where people can come and enjoy good coffee, good food, good friends, and good times. Located on the corner of Sherrill Rd and Noyes Blvd, the location lends itself to outdoor seating for three seasons, as well as indoor seating for central NY winters. The coffee house was most recently Silver City Technology, which is now located in an inner office inside the building and primarily services businesses technology needs. Many will remember the space being Enchanted Touch Massage and Nelson's Cottage of Flowers. The original greenhouse from Nelson's is being incorporated into the café design. Many have seen the outdoor transformation, as a pergola and patio were built this fall. Now renovations are taking place inside with a new kitchen and seating area being created.

We celebrated our 1<sup>st</sup> annual Greenhouse Brew Halloween and gave out samples of our coffee, hot cider, popcorn, and candy. There was a large turnout on the chilly evening. Thank you to the many encouraging people and for the positive remarks that we received.

The Greenhouse Brew will serve coffee, espresso, cappuccino, latte, tea, soups, salads, wraps, paninis, and sandwiches. Pastries and desserts will also be available. Visit, [www.thegreenhousebrew.com](http://www.thegreenhousebrew.com), for updates as we get closer to our opening date.

We are accepting applications for employment. Please contact us by email at [coffee@thegreenhousebrew.com](mailto:coffee@thegreenhousebrew.com) or call 334-3185 and leave your contact information.

We look forward to bringing the true coffee house experience to Sherrill and cannot wait to serve you a cup of coffee.

### **The End of Marriage: Adultery in the 19th Century**

**registration not required, Sunday, February 19, 1pm**

**Guest Speaker: Carol Faulkner**

Faulkner's research examines the debate over adultery and marriage among nineteenth-century Americans. From the 1830s to the 1880s, feminists, abolitionists, communitarians, free lovers, and spiritualists challenged the legal institution of marriage, and imagined more egalitarian, consensual relations between men and women. Members: free; Non-members: museum admission + \$2

### **Uncle Johnny's Girl Farm: Escapism Through Utopian Fantasy in the Mid-Twentieth Century**

**registration not required, Sunday, March 19, 1pm**

**Speaker: Molly Jessup**

In the late 1950s and early 1960s, magazines ran stories about what they described as "the sex cult that rocked New York." A myth-based and dramatic re-telling of the Oneida Community with salacious details (and illustrations to match), these pulp-literature fictional stories reveal twentieth century ideas about marriage, masculinity, and monogamy through their interpretation of utopia. Members: Free; Non-members: museum admission + \$2

## From the Fire Department

**Fire Hydrants-** Please keep the hydrants near your house clear of snow. This could save firefighters precious minutes if a structure fire should occur. Remember that the house you save could be your own.

*(From New York State Winter Preparedness guide)*

**Fire Safety-** Wood-burning stoves, fireplaces and heaters can add a cozy glow, but make sure you are using them safely.

1. Always keep a screen around an open flame.
2. Never use gasoline to start your fireplace.
3. Never burn charcoal indoors.
4. Do not close the damper when ashes are hot.
5. When using alternative heat sources such as a fireplace, woodstove, etc. always make sure you have proper ventilation.
6. Keep curtains, towels and potholders away from hot surfaces.
7. Have your chimney checked before the season for creosote buildup and then clean it.
8. Do you have a fire extinguisher and smoke detectors? Make sure they work and establish a well-planned escape route with the entire family.

**Carbon Monoxide Poisoning-** Carbon monoxide is a silent, deadly killer claiming about 1,000 lives each year in the United States. Automotive exhaust, home heating systems and obstructed chimneys can produce the colorless, odorless gas. The gas can also be produced by poorly vented generators, kerosene heaters, gas grills and other items used for cooking and heating.

1. **NEVER** run generators indoors. Open a window slightly when using a kerosene heater.
2. **NEVER** use charcoal to cook indoors.
3. **NEVER** use a gas oven to heat your home.

Symptoms of carbon monoxide poisoning include sleepiness, headaches and dizziness. If you suspect carbon monoxide poisoning, dial 911.

## Pancake Breakfast

The Fire Department will hold an **ALL YOU CAN EAT** pancake breakfast at the station February 12, 7am-12pm. Join us and leave the cooking to us.

## Membership

The Fire Department is always looking for new members. If you've ever wondered how you could help your community, consider joining. If you're 18 years or older (male or female) please visit the fire station during our Wednesday Night Drill that starts at 6:50pm, EVERY WEDNESDAY, for more information. We also have a junior firefighter program for young men and women who are 16 years or older.

## Police Department Reminders

-Please let the police know if you are going on vacation so you can be added to their premises check list.

-There is no overnight parking on city streets, November 1-April 30, 2-7am. Please note- this includes the area in front of Ebenezer's.

-Studded tires are permitted October 15-May 1.

-Be aware of potential scams and do not give out information or send money unless you can verify the request.

-Please license your dogs, honor our leash laws and pick up after your dogs.

-Please be aware of pedestrians. Pedestrians are encouraged to wear reflective clothing and use reflective gear for pets after dark.

## Waste Water Treatment Plant Notice *Sump Pump Discharge*

The City's Waste Water Treatment Plant is under a consent order from New York State to reduce storm water discharge to the Sanitary Sewer System. Part of our issue is residential and commercial sump pumps that are hooked directly to the sewer system. In order to reduce heavy water flows at the treatment plant caused by storm events or a very wet spring we would like to access all sump pumps in the city to see if it's possible to remove the discharge from the sanitary system. If you have a sump pump that may be connected to the sanitary system or if you're not sure please call Kevin Mumford at the Treatment Plant to set up an appointment for a quick inspection. We can determine where your sump pump discharges and if there's an alternative way to remove it from the sanitary system. Thank you!
